

## TAKE YOUR WORKOUT TO THE NEXT LEVEL WITH ATP REFUEL

### SOME OF ITS MANY BENEFITS:

- **ACCELERATED MUSCLE GROWTH.** Get big fast with our patented creatine formula – the best of its kind on the market.
- **NO LOADING PHASE.** Our brand of creatine monohydrate means you have the energy you need when you need it.
- **SPEEDY MUSCLE RECOVERY.** More time to work out – less time sitting out.
- **INHIBITS MUSCLE BREAKDOWN.** Keep your muscular definition just the way you want it to be.

Our product contains creatine monohydrate, the most exhaustively researched creatine formula out there. Creatine is vital for replenishing your reserves of ATP – the energy that powers the contraction of muscles. ATP needs to be replenished quickly, so your muscles can operate efficiently.

ATP Refuel does exactly what its name says - it gets that creatine saturated into your tissues as quickly as possible, thereby increasing your ATP reserves for maximal power.

What we have to offer you as a cherished customer is a spectacular supplement that will help you with your pump...greatly increase your strength...and accelerate your muscle growth.
